

Image sensor

Features

- Wireless
- 1 year battery life
- 4.5 m night vision range
- Sends an alert if moved or battery is running low
- Sensitivity can be adjusted to allow for pets
- Can also be screwed into wall (screws not included)
- Photos saved to the cloud for 60 days and can be downloaded to your computer

Setup

- Indoor use only
- 2 x AA Lithium batteries (included)
- Works off short range radio frequency to control panel, 120m open air range. This means in an average sized kiwi home (150-200sqm) your sensors will be able to communicate with your control panel from one side of your home to the other.
- Mount at 2.4m with adhesive (included) that will stick to most surfaces
