

## Video doorbell | Skybell® HD Edition

### Features

- Two-Way Audio
- Full Colour Night Vision
- Silent Mode
- Records doorbell triggered clips
- Video clips saved to the secure cloud
- View live stream footage
- Motion sensor
- Multiple User Capability

### Setup

- Video doorbell can only be attached to a low voltage transformer (8-36 VAC or 12 VDC) and not directly to primary power (110/120 VAC and 220/230/240 VAC)
- Works off your WiFi network - requires b/g/n wireless modem
- Mounting plate affixes to flat surface and uses existing mechanical doorbell wiring
- Digital doorbell chime compatible
